Netop Vision / Netop Vision Pro: set up and use open enrollment classrooms

Article Number: 273 | Last Updated: Tue, Jun 25, 2019 8:26 PM

Applies to: Â Vision versions 6 or higher, Vision Pro all versions An open enrollment classroom is an alternative to the default static classrooms.Â Open enrollment allows teachers to send an invitation to join class over the network. Students can accept the invitation and join the classroom at any time without disturbing other students or the teacher. Attached article gives a brief summary with screenshots. For details, refer to the user's guide.
