

Netop Vision7 Remote Deployment Guide (EN, DE, FR, IT, ES, FI, NL, SV)

Article Number: 41 | Last Updated: Thu, Oct 13, 2011 10:35 AM

Â If you have a system in place that supports remote deployment of software to your Windows computers, you may use it to install Vision via MSI (**Micro**Soft **I**nstaller) packages. Common remote deployment systems include Microsoft SMS/Group Policies, Novell ZENworks, Altiris Notification Server, etc. Vision can create customized MSI packages that contain all options and licensing information, eliminating the need for complex installation switches.
