Netop Vision7 User's Guide (EN, DE, FR, IT, ES, FI, NL, SV)

Article Number: 43 | Last Updated: Thu, Oct 13, 2011 10:34 AM

Welcome to Vision, the easy-to-use Classroom Management solution designed to help you control student computer activity in your classroom or lab. With Vision Classroom Management you can track student computer use, share your screen with the class during instruction, and take control of a student's computer to help with a problem. Unlike a computer screen projector, Vision does not require any special hardware or wiring; all you need to run Vision is a network connection between computers.
