

How do I manage classes for Vision for Chromebooks?

Article Number: 479 | Last Updated: Tue, Apr 24, 2018 8:16 PM

Applies to: Vision for Chromebooks all versions Vision for Chromebooks currently uses Google Classroom classrooms as the method of determining which students should be in which class. This means that you would manage your Google Classroom and then synch with the class in Vision for Chromebooks to get the updated roster.
