How do I manage classes for Vision for Chromebooks?

Article Number: 479 | Last Updated: Tue, Mar 5, 2019 11:25 PM

Applies to: Vision for Chromebooks all versions Vision for Chromebooks currently uses two different methods to determine which students are in the class. 1. Google Classroom If you are using Google Classroom, first you will need to add students to your Google Classroom. Then you will open Vision for Chromebooks on the Teacher machine and click 'Sync with Google Classroom'. 2. Clever If Clever is being used, you will need to make changes within Clever. Then you will open Vision for Chromebooks on the Teacher machine and click 'Sync with Clever' Â
